Rocky Enterprise Linux 9.2 Manual Pages on command 'dvipdf.1'

\$ man dvipdf.1

DVIPDF(1) Ghostscript DVIPDF(1)

NAME

dvipdf - Convert TeX DVI file to PDF using ghostscript and dvips

SYNOPSIS

dvipdf [options] input.dvi [output.pdf] ...

DESCRIPTION

This script invokes dvips(1) with the -q option, and pipes its output into gs(1) with the following options:

-q -dNOPAUSE -dBATCH -sDEVICE=pdfwrite

as well as -sOutputFile and any options from the command-line.

SEE ALSO

gs(1), dvips(1)

VERSION

This document was last revised for Ghostscript version 9.55.0.

AUTHOR

Artifex Software, Inc. are the primary maintainers of Ghostscript. This manpage by George Ferguson.
