Rocky Enterprise Linux 9.2 Manual Pages on command 'go.1'

$ man go.1

GO(1)   General Commands Manual   GO(1)

NAME

    go - tool for managing Go source code

SYNOPSIS

    go command [arguments]

DESCRIPTION

    The Go distribution includes a command, named go, that automates the downloading, build?

    ing, installation, and testing of Go packages and commands.

COMMANDS

    Each command is documented in its own manpage. For example, the build command is docu?

    mented in go-build(1). The commands are:

    bug   start a bug report

    build compile packages and dependencies

    clean remove object files and cached files

    doc   show documentation for package or symbol

    env   print Go environment information

    fix   update packages to use new APIs

    fmt   gofmt (reformat) package sources

    generate

        generate Go files by processing source

    get   add dependencies to current module and install them

    install

        compile and install packages and dependencies

list   list packages or modules

mod   module maintenance

run   compile and run Go program

test   test packages

tool   run specified go tool

version

    print Go version

vet   report likely mistakes in packages

Use "go help <command>" for more information about a command.

ADDITIONAL HELP TOPICS

buildconstraint

    build constraints

buildmode

    build modes

c   calling between Go and C

cache build and test caching

environment

    environment variables

filetype

    file types

go.mod the go.mod file

gopath GOPATH environment variable

gopath-get

    legacy GOPATH go get

goproxy

    module proxy protocol

importpath

    import path syntax

modules

    modules, module versions, and more

module-get

    module-aware go get

module-auth

module authentication using go.sum

packages

package lists and patterns

private

configuration for downloading non-public code

testflag

testing flags

testfunc

testing functions

vcs   controlling version control with GOVCS

Use "go help <topic>" for more information about that topic.
