***\$ man printers.conf.5***

printers.conf(5)                      OpenPrinting                      printers.conf(5)

NAME

printers.conf - printer configuration file for cups

DESCRIPTION

The printers.conf file defines the local printers that are available. It is normally located in the /etc/cups directory and is maintained by the cupsd(8) program. This file is not intended to be edited or managed manually.

NOTES

The name, location, and format of this file are an implementation detail that will change in future releases of CUPS.
