Rocky Enterprise Linux 9.2 Manual Pages on command 'select-editor.1'

$ man select-editor.1

SELECT-EDITOR(1)   General Commands Manual   SELECT-EDITOR(1)

NAME

   select-editor - select your default sensible-editor from all installed editors

SYNOPSIS

   select-editor

DESCRIPTION

   select-editor provides a coherent mechanism for selecting and storing a preferred sensi?

   ble-editor on a per-user basis. It lists the available editors on a system and interac?

   tively prompts the user to select one. The results are stored as SELECTED_EDITOR variable

   in ~/.selected_editor, which is sourced and used by sensible-editor command. SELECTED_ED?

   ITOR variable is overridden by the VISUAL and EDITOR environment variables.

AUTHOR

   select-editor was written by Dustin Kirkland <kirkland@canonical.com>.
