\$ man 30-systemd-environment-d-generator.8

SYSTEMD-ENVIRONMENT-D-GEsystemd-environment-SYSTEMD-ENVIRONMENT-D-GENERATOR(8)

NAME

systemd-environment-d-generator, 30-systemd-environment-d-generator -

Load variables specified by environment.d

SYNOPSIS

/usr/lib/systemd/user-environment-generators/30-systemd-environment-d-generator

DESCRIPTION

systemd-environment-d-generator is a systemd.environment-generator(7)

that reads environment configuration specified by environment.d(5)

configuration files and passes it to the systemd(1) user manager

instance.
