Red Hat Enterprise Linux Release 9.2 Manual Pages on 'chkfont.6' command

$ man chkfont.6

CHKFONT(6)   Games Manual   CHKFONT(6)

NAME

    chkfont - checks figlet 2.0 and up font files for format errors

SYNOPSIS

    chkfont [fontfile]

DESCRIPTION

    This program checks figlet 2.0 and up font files for format errors. It

    also looks for signs of common problems and gives warnings.   chkfont

    does not modify font files.

EXAMPLES

    To use chkfont on the "big" font

        example% chkfont /usr/share/figlet/big.flf

BUGS

    Doesn't work on compressed font files.

AUTHORS

    chkfont was written by Glenn Chappell <ggc@uiuc.edu>

    This manual page was written by Jonathon Abbott for the Debian Project.
