

**NAME**

dvipdf – Convert TeX DVI file to PDF using ghostscript and dvips

**SYNOPSIS**

**dvipdf** [ *options* ] *input.dvi* [ *output.pdf* ] ...

**DESCRIPTION**

This script invokes **dvips**(1) with the **-q** option, and pipes its output into **gs**(1) with the following options:

**-q -dNOPAUSE -dBATCHEXTRACT -sDEVICE=pdfwrite**

as well as **-sOutputFile** and any options from the command-line.

**SEE ALSO**

gs(1), dvips(1)

**VERSION**

This document was last revised for Ghostscript version 9.50.

**AUTHOR**

Artifex Software, Inc. are the primary maintainers of Ghostscript. This manpage by George Ferguson.
